

# Hearts and Homes for Veterans Bus Service Survey

Hearts and Homes wishes to start a bus service for our veterans.

We would like to know:

1. Would having a free bus service help you?
2. Would transportation to your V.A. Clinic appointments in Cape Coral help you?
3. Would transportation to doctors, dentist and other government offices help you?
4. Would transportation to the supermarket help you?
5. Would you volunteer your time at Hearts and Homes if we provided transportation?
6. What days of the week would you use this service?
7. Do you have special needs our drivers need to know about?
8. Are you a home-bound veteran?

We request that you fill this form out online then save a copy. You can then send an email with this form attached to [vets@hhveterans.com](mailto:vets@hhveterans.com) or drop off the completed form at Hearts and Homes for Veterans Inc. Thank you for your service!
